

Vector Bid Specs

Bid Summary: The Vector offers advanced head protection at an affordable price. Designed to be lightweight and comfortable, it is ideal for construction, utilities, and everyday environments. The Vector provides both lateral and top impact protection and is nearly as lightweight as a conventional hard hat.

Specific Features:

- Advanced, lateral impact and penetration protection from all directions – top, sides, front and back. Meets/exceeds ANSI/ISEA Z89.1-2014, Type II, Class E & G and CSA Z94.1-2015 Type 2, Class E & G requirements.
- Among the lightest weight helmets in its class.
- 4-point suspension in pinlock rear-adjusting or ratchet style offers a comfortable fit.
- Replaceable brow pad can be easily removed for cleaning.
- Pad print capability in up to 8 different locations on the hat – logos may have up to six colors per location.
- Available in the following colors: red, white, yellow, kentucky blue, navy blue, orange, forest green, hiviz orange and hi-viz yellow.
- 2-year warranty. Bullard reputation can be seen in the attention to detail on comfort and fit.
- Accepts optional chin strap for added security.
- Traditional styling encourages worker acceptance.
- Accepts super-heavy duty Bullard R330 (4”) and R325 (6”) face-shield as well as the 300B face-shield bracket. Features accessory slots for use with face-shields, hearing protectors and communication devices.
- Ventilation channels help to keep the worker cool and comfortable.
- Vertical adjustments – 3 in rear and 3 in front – allow helmet to fit a wide variety of head sizes and shapes.
- Goggle retaining slots on suspension.
- Distinctive 3-Rib trademark.
- Made in the USA
